

EIGHTEENTH YEAR

GETTYSBURG, PA., WEDNESDAY, JANUARY 21st, 1920.

PRICE TWO CENTS

ASKS COUNTY TO BUILD NEW SPANS

District Engineer Crawford
Wants Co-Operation of Adams
Commissioners.

DISCUSS FOUR PROJECTS

Highway Department Believes Quar-
tette of Bridges Should be Re-Built
on Two Main Roads.

If plans of the State Highway Department materialize Adams county in a few years will possess not only a splendid stretch of paved road all the way from the York county line above York Springs to the Maryland line one mile north of Emmitsburg but will in addition have splendid bridges over all intervening streams.

This conclusion may be drawn from a conference in the commissioners' office, Tuesday afternoon, between George C. Crawford, district six engineer, William B. Fleming, Adams county representative of the State Highway Department, and Reuben H. Lupp, William Linn and Walter Snyder, Adams county commissioners.

During this private conference Mr. Crawford, on behalf of the State Highway Department, asked the commissioners for their co-operation toward building new bridges over Middle creek near Emmitsburg, Marsh creek near Greenmount, Conewago creek at Heidlersburg, Bermudian creek at the Emmert farm south of York Springs, and Latimore creek at Deardorff's mill north of York Springs.

There was no discussion concerning the kind of material to be used in the erection of the bridges nor their probable cost.

Mr. Crawford did, however, point out to the commissioners the great advantage of erecting bridges while the roads were being constructed in order to receive the benefits of the state paying for the road beds over the bridges and to have the advantage of machinery and material being right at the spot to perform the work.

For their part the commissioners readily assented to co-operate with the State Highway Department and expressed themselves as being in favor of re-building the bridges if the county can stand the financial strain.

In order to get an estimate of the cost of the proposed bridges and to discuss the matter more thoroughly the Adams county commissioners in the near future will arrange a meeting with representatives of the State Highway Department. Until that conference takes place nothing definite will be done regarding the matter.

Several days ago the State Highway Department announced that they wanted bidders for a contract to construct a ten mile stretch on the Harrisburg road from the northern end of the job of M. Bennett and Sons, about seven miles from Gettysburg, to the Adams-York county line beyond York Springs. The state naturally wants to make provisions for re-building the bridges along that route as the Rock creek structure four miles from Gettysburg will be erected during the summer and their plan is to have all the bridges of modern type.

SETTLE ASSAULT CASE

George Myers Pays \$10.00 And Costs.
Was Scheduled For Court.

The assault and battery case of Mazie H. Criswell versus George W. Myers, both of Gettysburg, was settled in the clerk of the courts office by permission of the district attorney, this morning, when Myers, the defendant, paid \$10 and costs amounting to \$6.40.

The case was originally scheduled to come before the court of Quarter Sessions next week.

ODD FELLOWS' SOCIAL

Seventy five Odd Fellows joined in the social held in the lodge room on Chambersburg street after the regular meeting Tuesday night. Refreshments were served and a musical program was rendered.

ELECTION DATES FOR THIS YEAR

George D. Thorn, Former Town
Resident, Makes Official
Announcement.

Official announcement of the state wide primary election on Tuesday, May 18, is given by George D. Thorn, chief of the bureau of elections on the digest of the election laws and dates applicable to this year's campaign, which was issued Tuesday.

The Republican, Democratic, Socialist and Prohibition parties are the only ones which must nominate at the primary.

The registration days are April 14, for first and second class cities and April 28 for the third class cities while in boroughs and townships the days are March 16 and 17.

Petitions for renominations, which must be filed this year with the secretary of the commonwealth, cannot be circulated until February 28, and must be filed on or before April 8. The required signed for president are 100 voters in each of ten counties; for state-wide officers and national delegates at large, 100 voters in each of five counties; for congressional, state senatorial, district delegates and alternates 200 voters of the district and for representative in general assembly 100 voters of the district.

The regulations governing party officers and committeemen are for such petitions to be filed with county commissioners not later than April 20. Such petitions cannot be circulated before March 11.

The last day for candidates to be withdrawn before the primary is April 9 and June 2 is the last date for candidates to file expense accounts.

FUNERAL OF IRA E. PLANK

Services Will be Held Thursday Morn-
ing at Brother's Home.

The funeral of Ira E. Plank, who died Monday at his home in Altoona, will be held Thursday morning at 10:00 o'clock from the home of his brother, Walter M. Plank, Steinwehr avenue. Rev. Paul R. Pontius will officiate. Interment in the Evergreen cemetery.

Ira E. Plank was the son of David C. and Georganna Plank, of Altoona, who survive him. Most of his life was spent in Gettysburg where he was known as a talented musician. In 1902 he married Miss Gertrude Taughinbaugh, of town, who died in July, 1918. He was a member of the Reformed Church.

Beside his parents he is survived by two children, Clifford Earl and Evelyn Elizabeth and by three brothers and five sisters as follows: Walter M. Plank and Mrs. William Shields, of Gettysburg; Roy D. Plank and Mrs. J. M. Fissel, of Altoona; Mrs. W. E. Long, Roselawn; Mrs. Fannie Gwinn and Miss Alice G. Plank, of Altoona.

NO NEW BUILDINGS

House Building Committee Decides
Not to Recommend Construction.

(By Associated Press)
Washington, January 21—By a unanimous vote the House Public Building committee decided today not to recommend the passage at this session of the Congress of a general bill authorizing the construction of new government buildings over the country. The committee said their decision was made in the interest of economy and that there was little likelihood of a building bill being passed until the next session.

The request of Mr. Crawford in regard to the Middle and Marsh creek bridges indicates that bids for the construction of the Emmitsburg road will be asked before many weeks have passed.

HIGH SCHOOL LITERARY

Clover Leaf Society Will Give Enter-
tainment Next Monday Night.

The first literary entertainment of the year will be given next Monday evening in the High School auditorium by the Clover Leaf society. President Weikert, with the aid of the Clover committee, has arranged a very attractive program for the occasion, and plans are being made to accommodate a large crowd.

An admission fee of ten cents will be required of all except High School students. The proceeds will go toward improving the school library.

SPROUL SPEAKER AT FARM SHOW

Says Prosperity of Nation More
Dependent on Agriculture
Than Any Agency.

FARMER IS STABILIZER

Farm Management, Correct Feeding,
Fruit Growing And Dairy Exten-
sion Important Subjects Discussed.

Prosperity of the nation is more dependent upon agriculture than any other agency, Governor Sproul told farmers Tuesday night at the opening of the fourth annual farm products shows under the direction of the department of agriculture. Hundreds of farmers, many from this section of the state, are attending the show.

"It is time this great industry receives the recognition that its importance demands," said the governor. "Agriculture is not only the basis of our economic life, but the farmers are the greatest stabilizing force in the nation. The farmers of this country are entitled to and should receive the recognition of national and state commissions dealing with great public questions and policies."

The governor and Frederick Rasmussen, secretary of the department of agriculture, were the principal speakers at the opening of the show. Farm products and farm implements and tractors are on exhibition.

Speakers from State College talked on subjects of interest to the soil cultivators. Labor efficiency, Earle L. Moffitt, farm management and accounts expert, declared was the great farm problem of the day. He cited instances of greater production through more efficient application of farm labor.

Correct feeding and painstaking care were suggested by P. D. Jones, herdsman of State College, as the proper means of obtaining the best results from livestock. That method, he said, was the only secret in making big registry records.

R. R. Welch, of the dairy extension department, advised the association idea which originated in Mercer county three years ago as the best method to increase breeding of livestock.

Fruit growers were told by B. D. Anthony, of the horticultural department of the college, that large numbers of Pennsylvania apple orchards were nearly dead because the owners

BRINGS BRIDE FROM COAST

Russell Bushey Returns East With
Girl He Married in California.

Russell Bushey, nephew of Grover Myers, of Gardeners, returned to Adams county on Tuesday night from San Francisco, California, with his bride who was formerly Miss Florence Frederick, of that city.

On the day after Christmas Mr. Bushey, who had been employed as an electrician for the H. and T. Electric Company for several months, left on his transcontinental journey and subsequently arrived in San Francisco where he and Miss Frederick were married on January tenth.

Mr. Bushey met his wife during the war when he, as a member of the United States Navy, was on board a submarine operating in Pacific coast waters. He came to the Atlantic coast later and was placed on board a submarine at the New London, Connecticut, base.

The newly married couple will make their home in Gardeners where Mr. Bushey will conduct an electrical and mechanical establishment of his own.

ANOTHER LARGE CROWD

Over Five Hundred And Fifty Attend
"Peck's Bad Boy."

Despite the fact that the same show with almost the identical cast appeared in Gettysburg last spring over five hundred and fifty persons went to the Lincoln Way theater, Tuesday night, to see "Peck's Bad Boy."

The show which was of the farce comedy variety played in Columbia, Monday night, and left here for Winchester, West Virginia.

MAN WHO CAUGHT THIEVES KILLED

Washington Cop Who Arrested
Abbottstown Liquor Robbers,
Shot to Death.

Oscar A. McKimmie, the Washington policeman, who recently arrested the five men implicated in the theft of 20 cases of whiskey from the Altland House, Abbottstown, was shot and instantly killed by a burglar while on duty in the Capitol City last Saturday. Word of the killing of McKimmie was received by Charles S. White, of York. Detective White has been asked by the Washington department to assist in uncovering the trail of the policeman's slayer.

McKimmie was patrolling his beat when he heard a woman screaming in a house nearby. An investigation conducted later revealed the fact that a burglar had entered the home of Solomon Solet, Tenth street. Solet's wife was aroused and gave the alarm. As McKimmie approached the house, the intruder stepped from the doorway of the house and shot the officer. Death ensued within a few minutes before the policeman was able to give a description of his assailant.

FACTS ON STREETS

Borough Spent More Than \$7,000 On
Repairs In 1919.

It cost the borough of Gettysburg more than \$7,000 in 1919 to repair the streets. It is known that the thoroughfares were in a worse condition at the end of the year than they were at the beginning. Twenty five hundred dollars of the amount spent was paid for oil which is admitted by everyone as money "thrown away."

The \$2,500 uselessly spent for oil will be saved if the main thoroughfares are paved. Twenty five hundred dollars will pay the interest at five per cent on \$50,000 for a year. If the voters authorize the bond issue of \$35,000 to pay the Borough's share of paving Carlisle and Baltimore streets the yearly expenditures on street repairs will be reduced more than fifty per cent and the side streets can be put in good condition.

SIMS SCORED

Making Public Confidential Instru-
tion Deserves Condemnation.

(By Associated Press)

Washington, Jan. 21—A resolution declaring that the action of Rear Admiral Sims in making public "official instructions of the most confidential character" affecting international relations deserves the condemnation of all Americans was introduced in the Senate by Senator Walsh, Democrat, Montana, a member of the Naval Committee. His request for immediate consideration was denied on objection of Republican leader Lodge.

Senator Lodge objected on the grounds that the resolution contained grave charges against one of the most prominent officers in the American Navy without giving him opportunity to defend himself.

INFLUENZA TAKES FORMER RESIDENT

Simon A. Frommeyer Succumbs
to Disease at Home in
Philadelphia.

LIVED HERE MANY YEARS

Son of Frank Frommeyer And Grad-
uate of Mt. St. Mary's College.
Married Miss Frances Steffy.

The 1920 epidemic of influenza, which according to national health authorities at Washington "gives no cause for alarm" but which at the same time is increasing slightly in many portions of the United States, claimed its first victim among Adams county people in Simon A. Frommeyer, son of Mr. and Mrs. Frank Frommeyer, of Chambersburg street, who died at his home in Philadelphia this morning at 8:15 o'clock.

Mr. Frommeyer, who was thirty five years of age and lived here practically twenty eight years of his life, was ill only five days with influenza which developed into pneumonia. Two of his daughters, Mary and Jane, are now sick with the disease.

In 1902 Simon Frommeyer graduated from St. Francis Xavier parochial school in Gettysburg and then entered Mount St. Mary's College at Emmitsburg where he finished in 1907.

While playing baseball at Mount St. Mary's Mr. Frommeyer was injured in one of his lungs to the extent that it had to be removed from his body and a silver tube inserted. This fact, no doubt, aided in hastening his death when he was attacked with influenza.

After returning to Gettysburg from Mount St. Mary's he worked for a short time on the staff of THE TIMES and then worked for the International Correspondence School of Scranton for seven years. At the time of his death he was employed by the Vim truck company of Philadelphia.

He is survived by his wife, formerly Miss Frances Steffy, of Gettysburg, whom he married in 1909; three children, Mary, Jack and Jane; his father and mother, Mr. and Mrs. Frank Frommeyer, Chambersburg street; and the following brothers and sisters: J. W. Frommeyer, Baltimore; Sister Mary Appoline, Dallas, Texas; Jacob K. Frommeyer, Gettysburg; Miss Dora Frommeyer, Philadelphia; Mrs. Wilbur Stallsmith and Miss Estelle Frommeyer, Gettysburg; and Mrs. Howard M. Garvin, Philadelphia.

Funeral notice later.

BROWN SENT BACK TO JAIL

Automobile Thief Pleading Guilty at
Hearing. Arrested in September.

After spending four months in the Adams county jail, George Brown, of Cleveland, Ohio, charged with stealing a Ford car and carrying concealed deadly weapons, pleaded guilty at a recent hearing before Squire Hill and again was placed in jail in default of \$100 bail. He is scheduled to appear before the court next week.

Brown is the man whom Constable Charles Wilson arrested several minutes after he received word from York that a suspected automobile thief was driving toward Gettysburg. Constable Wilson got into the machine and directed Brown to drive to the Adams county jail where he has been ever since the incident occurred on September 17, 1919.

As District Attorney Topper was sick at that time no hearing was held.

In the meantime the Ford car which is supposed to have been stolen from some man in New Jersey has stood in the garage of the Plank brothers as no one has ever taken the trouble to claim it.

HEARING BREAM CASE

J. Herman Bream is Plaintiff in York
County Suit.

The suit of J. Herman Bream, Chambersburg street, against Charles S. Snyder and William A. Wagner, of York county, summons in trespass, was called for trial late Tuesday afternoon in the York county court. The testimony is being heard today. Last May Mr. Bream bought a radiator from Snyder which he brought to Gettysburg intending to pay for it later. Later he was arrested for stealing the radiator. Mr. Bream entered a charge of false arrest.

HAVE INFLUENZA WELL IN HAND

No Epidemic of Malady is Ex-
pected. Has Been an
Increase.

(By Associated Press)

Washington, January 21—State medical authorities have the influenza situation so well in hand that no epidemic of the malady is expected, the Public Health Service announced today.

California reported 264 cases last week as compared with 24 cases the week before, but the officials pointed out that at this time of the year there is a greater prevalence of colds and grippe than at any other time.

The Navy Hospital at Portsmouth, Virginia, today reported sixty cases of influenza.

More Than Last Year

Chicago, January 21—The number of new influenza cases in Chicago Tuesday passed the high point for any one day of last year's epidemic. A total of 2,514 cases was reported to the Board of Health Tuesday, with 26 deaths. New pneumonia cases numbered 297, with 57 fatalities. The greatest number of influenza cases for a single day last year was 2,400.

Health Commissioner Rebertson said last night that, in his opinion, the peak of the epidemic has passed.

Although the nursing "militia" was augmented by many volunteers, several hundred more calls than the force of 1,000 could care for were received.

Every hospital is crowded and 650 cases of influenza are being cared for at the County Hospital.

The State Health Department announced last night that Rockford is one of the most seriously affected cities in the state, having 1,800 cases of influenza and 35 of pneumonia. But one death has been reported there. The disease is subsiding at Camp Grant and at the Great Lakes Training Station.

POWHATAN HELPLESS

Disabled Transport Plunges in Heavy
Sea.

(By Associated Press)

Halifax, January 21—The disabled transport "Powhatan" without light or heat and her fire rooms flooded with water was plunging about in a heavy sea this afternoon 300 miles from this port without immediate prospects of obtaining a tow or having her 271 passengers taken off.

During the night the freighter "Western Comet" succeeded in getting a line aboard and towing the transport 48 miles toward this port when she was compelled to abandon the effort. The transport "Northern Pacific" and other ships are standing by ready to take off her passengers and give other assistance as soon as the sea moderates.

HILL APPOINTED JUSTICE

Governor Sproul Names Highland
Township Man, Mistake in Return.

Governor William C. Sproul announced Tuesday the appointment of J. Laury Hill, Highland township, as a justice of the peace.

Mr. Hill was a candidate for justice of the peace in Highland township and was re-elected to that office on the Republican ticket by sixty nine votes. Because of a mistake made by the township election board he did not receive his commission. The return of the election board was made to the clerk of the courts instead of the prothonotary as should have been done. The appointment is the result of steps taken by Adams county officials to straighten out the difficulty.

ATTITUDE NOT OFFENSE

Investigating Committee Denies Motion
to Re-Seat Five Suspended Socialist
Members.

(By Associated Press)

Albany, January 21—A defense of Soviet Russia was made today on the floor of the New York Assembly by Seymour Stedman, of Chicago, and attorney for the defense in the trial of the five suspended Socialist Assemblymen before the Assembly Judiciary Committee on charges of disloyalty.

Asserting in connection with the charge that the socialists at the convention in Chicago last summer had expressed solidarity with Soviet Russia and that the assembly had condemned the convention members because they belonged to a party expressing such approval, Stedman said that expressions of belief in the Soviet system was not an offense in England, Germany or Norway where it had become an issue and that here it was not a crime for which a man could be tried and sent to the penitentiary nor did it afford the nation grounds for a civil libel suit.

Albany, Jan. 21—The second day of the trial of the five suspended Socialist members of the Assembly before the Assembly judiciary committee, opened this morning with the announcement by Chairman Martin that a motion for dismissal of the proceedings as "unwarranted" that was made yesterday by the Socialist's counsel, had been denied.

When both sides had closed their arguments, Chairman Martin announced that a motion to re-seat the defendants pending trial had been denied—the fourth motion overruled since the opening of the investigation.

STOCK REPORT

Market Apathetic. British Exchange
Rate Drops to Lowest Point.

(By Associated Press)

Washington, Jan. 21—The stock market became more apathetic and price changes increasingly irregular during the forenoon. Any disposition on the part of the traders to extend yesterday's recoveries was stopped with the further collapse of foreign exchange. The British rate fell to the greatest point of impairment ever reported at this center and French, Italian and several less active continental remittances also made a new low record. General motors recovered most of its early declines and some steel issues improved after call loans opened at six per cent, the lowest renewal rate in several months.

CENSUS PROGRESSING

Expect Returns From All City Dis-

TREATY TANGLE SEEMS HOPELESS

Senate Leaders Again Deadlocked. Far Apart on Reservations.

SITUATION WORSE NOW

No Indication of Compromise Given. Conference is Hopelessly Divided. Two Plans Being Considered.

Washington, Jan. 21.—Disagreement in the bi-partisan conference looking to compromise peace treaty reservations Tuesday brought the Senate League of Nations committees to the verge of a break and caused a movement among the Senate rank and file toward a different solution of the treaty deadlock.

Open rupture Tuesday of the leaders' conferences was averted, temporarily at least, by passing over the dispute on the Lodge reservation regarding equality of voting in the League of Nations. The bi-partisan conference will meet again late today, but with leaders of both factions, doubtful as to the possibility of ultimate agreement.

Prospects of failure of the leaders' conferences and of formal suspension of their sessions Tuesday moved "mild reservation" Republicans and a few Democrats, not members of the leaders' committees, to discuss independent steps toward a solution of the treaty situation. One "mild reservation" Republican spokesman said such a move would be forthcoming if conferences of the leaders fail within a few days to give more assurance of a compromise.

Two Plans Proposed

Two plans for future action was considered Tuesday by the Senate rank and file should the leaders' conferences fail. Several of the "mild reservations" Republicans were said to favor a combination with the Democrats to bring the treaty again to the floor of the Senate for open consideration of compromise reservations. For effectiveness of this plan, reliance would be placed upon public pressure which it is believed would develop in favor of a compromise.

Another plan, championed by a Democratic advocate of compromise, contemplates a "round robin" petition to bring Republicans and Democrats into a joint caucus. The "mild reservation" Republicans, however, were reported opposed to the bi-partisan caucus plan and also to the pending motion of Senator Underwood, Democrat, Alabama, for appointment of formal conciliation committees. Followers of Republican Leader Lodge, as well as the Republican "mild reservationists," as said to be agreed that if the present bi-partisan meetings of the leaders shall fail it will be useless to appoint other conciliation committees.

Participants in Tuesday's conferences of the informal committees of which there were two, said and impasse and suspension of the compromise movement was virtually reached at the first session as a result of inability to get together on the equal voting reservation to the League of Nations covenant. After more than two hours' spirited dispute, the whole subject was put over.

Stumbling Blocks

Better progress, however, was reported at the second session. The preamble to the Lodge reservations, requiring formal acceptance by three of the five principal powers of American reservations, was taken up and, it was said, a tentative agreement was reached. The proposed compromise of the preamble was said to provide that if the principal signatories do not file, formally, objections to the reservations before their deposit for exchange of ratification, the American reservations shall be deemed to have been accepted.

STRIKE PROBLEM MUST BE SOLVED

Senator Poindexter Says There Are Germs of Civil War In It.

Providence, R. I., January 21.—The "anti strike" clause in the Cummings railroad bill, now in conference between the House of Congress, is the first substantial move made "to solve a problem which has in it the germs of civil war and revolution," United States Senator Miles Poindexter, of Washington, an aspirant for the Republican nomination for President, declared last night in an address on "anti-strike legislation" before an audience of business men here.

"If it is not solved by law," he said, "it will be solved in blood, and perhaps, in the destruction of our institutions. It involves the question whether industrial disputes, the adjustment of wages, the terms and conditions of the employment of labor in commerce and industry, where employer and employee cannot agree, are to be adjusted by the orderly processes of government, through reason and public opinion as officially expressed, or by force, terror and intimidation.

"While it is confined to those engaged in interstate commerce it indirectly affects every industry because every industry is dependent upon public transportation. And if the principle is established by this section, the path will have been cleared which can be followed by the federal government and by the states, as the necessity therefore may appear, in the industrial struggles of the future.

To Protect Commerce

"It will be noticed that the word 'strike' is not used in this section. Under it men would have a right to quit work either singly or collectively, unless it were proved beyond a reasonable doubt that such quitting was in pursuance of a combination or agreement, and with the intent and purpose to intentionally hinder, delay or prevent the operation of trains or other facilities of transportation."

CRIMINALS NOW HARDER TO CATCH

With No Boogie Robbers Escape Police. Are Working With Clear Minds.

While crimes of a petty nature have been reduced to a minimum since the advent of war-time and national prohibition, crimes of a more serious nature, including burglaries, highway robberies and others, have increased, according to the annual report of Chief of Police J. Edward Wetzel, of Harrisburg.

Not alone have serious crimes increased, but it has become much harder to apprehend the criminals, according to the head of the police department. This, he says, "is due to the fact that these criminals are unable to become intoxicated and can work out their scheme with a clear brain. Boogie has been the result of many clever criminals being captured."

Jobs Are Easier

But despite this increase of major crimes and the greater difficulty experienced in capturing the law-breakers, the police department welcomes national prohibition, the Chief says. The enforcement of prohibition, the report continues, "has been welcomed with open arms in police circles. With drunkenness and other disorderly practices reduced to the lowest possible degree, the policeman's life since July 1 has been worth while and as a result he has been able to render much better service and protection to the general public."

CAMP DIX CLOSED

Quarantine Due to Influenza and Diphtheria.

Trenton, N. J., Jan. 21.—Camp Dix has been closed through quarantine because of an epidemic of influenza and diphtheria together with many cases of other diseases. There are now 400 cases of influenza and 200 cases of diphtheria at the base hospital with 300 cases of other ailments. Surgeons at the camp said last night that all the cases were mild and there was as yet no cause for alarm. There have been no deaths thus far. The epidemic began a few days ago and yesterday it was decided to quarantine the entire camp.

DISLOCATED SHOULDER

Abbottstown Man Dragged From Wagon When Horse Slipped.

Michael Myers, aged about 70 years, a retired farmer of near Abbottstown, sustained a dislocated shoulder blade, when the horse which he was driving slipped and fell, dragging Mr. Myers from the seat of the wagon to the ground. The accident occurred in front of Samuel Diehl's warehouse, Abbottstown, Tuesday morning. The man was taken to his home and Dr. Edgar A. Miller, East Berlin, and Dr. T. C. Miller, Abbottstown, were summoned and set the dislocated shoulder.

COUNCIL QUILTS WITH DEADLOCK

Supreme Body Leaves Adriatic Problem Without Reaching a Decision.

EVERYBODY STANDS PAT

Italy Refuses to Accept Proposal of Jugo-Slavs And Slavs Are Obstinate.

Paris, January 21.—The Supreme Council disbanded last night without settling the Adriatic question. Signor Nitti, the Italian premier, left Tuesday evening for Rome and David Lloyd George the British prime minister, departed for England this morning. M. Clemenceau indicated Tuesday evening that he would turn over the affairs of the Council today.

The Jugo-Slavs last night submitted to the Supreme Council their "supreme effort" in the way of concessions to effect an agreement with Italy.

The Jugo-Slavs accept internationalization under the League of Nations for Fiume and Zara, concede to Italy the islands of Iussini and Pelagosa, and agree to the demilitarization of the Adriatic islands with the condition that the island of Lissa remain Jugo-Slav.

The right of the Italians in Dalmatia to choose Italian nationality without leaving Jugo-Slavia is recognized by the Jugo-Slavs, who also agree that Italian national rights in Dalmatian industries shall be guaranteed by an international convention. They refuse to make any alteration of the line drawn by President Wilson. The note says the desire of the Albanians for independence will be respected.

Premier Nitti, of Italy, declared last night that he stood by his ultimatum that if the Jugo-Slavs did not accept Italy's terms last night he would withdraw his compromise offer and that "Italy will demand that France and Great Britain execute purely and simply the Treaty of London of April, 1915."

Prior to the breaking of the Council the Jugo-Slav reply to Italy's demands had been presented. Signor Nitti declared the terms unacceptable. The Jugo-Slav note said it constituted "the supreme effort" of Jugo-Slavia to bring about an agreement with Italy. This fact, taken in connection with Premier Nitti's statement apparently leaves the situation a tense one.

The Council Tuesday afternoon held a further discussion on Great Britain's announcement of her inability to send her quota of troops into the plebiscite areas. The discussion resulted in the British offering to send naval detachments, to Memel and Danzig.

During the session Hugh C. Wallace, American ambassador; Premier Lloyd George, Premier Nitti and Baron Matsui, the Japanese Ambassador, extolled M. Clemenceau in brief formal farewell addresses.

No definite arrangements were made by the Council before disbanding for turning over the Turkish, Adriatic and other problems to other hands, but it was indicated that the proposed conference of ambassadors would be empowered soon to continue this work.

The council heard Caido Voivode, the Rumanian premier, regarding the desire of Rumania to annex Bessarabia. The Council informed M. Voivode that it would make a decision regarding Bessarabia after the Rumanians had entirely complied with the council's instruction regarding the evacuation of Hungary.

Gustave Ador, former president of Switzerland, was received by the council Tuesday morning. He explained the Swiss attitude on entry into the League of Nations, and said that Switzerland wanted its neutrality maintained as a condition of participation in the league. It was agreed to refer the question to the League of Nations' council for decision.

The council adopted the British and French proposals regarding the lists of those guilty of crimes incident to the war whose surrender will be demanded of Germany.

DEFEAT CHARITY PLAN

Commission Turns Down Plan To Change Appropriations.

Proposals that the constitution of Pennsylvania be amended so that no appropriations can be made to charitable or educational institutions not under state control after 1931 and that a system of decreasing biennial appropriations be adopted to serve until the year specified was defeated in committee of the whole by the constitutional revision commission Tuesday night after an argument of over two hours. It was the third session at which the question of charitable appropriations was considered.

The proposal defeated was that sponsored by Vance C. McCormick, Dauphin. Four others had been proposed, one of which was withdrawn by Attorney General William I. Schaffer, its author.

SOCIALIST GIVES SOLEMN WARNING

Hillquit Says Action of New York Assembly Will Loosen Revolt.

Albany, N. Y., January 21.—Morris Hillquit, chief counsel for the five suspended Socialist assemblymen, declared Tuesday at the opening of their trial, that if the Assembly permanently ousted the defendants the act "will loosen the violent revolution which we Socialists have always endeavored, and are endeavoring, to stem."

Mr. Hillquit added this "tone word of solemn warning" after asserting that the Romanoffs and all instruments of oppression in Russia had been destroyed after the government had tried to outlaw the Socialist movement, and that "we are not afraid of suppression at the time one-half the world is under Socialist control."

This "warning" was later interpreted by Martin W. Littleton, associate counsel for the committee, "as a warning to the country, a threat to the committee and an admonishment to the Assembly that they do not dare deal with the gentlemen he represents unless they wish to invite revolution to this country."

Not A Threat, He Says.

Mr. Hillquit denied that his remarks were intended as a "threat," and said, instead, he had "made a sort of love offer" that "we Socialists are ready to see the thing through in a constitutional manner and by peaceful methods."

"I was merely imploring you to be as good and peace-loving as we Socialists are," he said, "and not to be high-handed in your procedure. That was an entreaty, and it was intended to be."

TAX REVISION TO BE PROPOSED

Constitutional Committee Will Consider Increasing State Debt.

Important changes to the articles of the constitution governing taxation and corporations which will permit of levying of graded or progressive taxes, classification of subject; increase of State debt for highways, or purchase of forest lands on approval by three-fourths of the Legislature; the regulation of corporations according to service; the extension of waterways and canals; and various kinds have been determined upon by the Constitutional Revision Commission, in charge of these subjects and will probably be reported upon this week.

The committee has not finished its studies, the completion of the taxation problem, limitation of grants on public lands and railroad powers and relationship of departments being still under consideration.

Among the recommendations which the committee will make will be authorizing the general assembly to establish taxation districts to facilitate public improvements, to classify subjects, for graded taxation and for separate assessment and taxation of reality, improvements and timber.

Where exemption from taxation is claimed for properties need for educational purposes the requirement will be that instruction be in English and the standard equal to public schools.

Except with approval of three-fourths of members of the two Houses of the Legislature, no debt can be created except for casual deficiencies of revenue and then only for a million dollars, to repel invasion, suppress insurrection, improve and rebuild highways and acquire lands within the State for forest purposes or pay existing debts.

SIGNS NAME WITH TEETH

Maimed Veteran Gets License To Wed Sweetheart.

Cumberland, Md., Jan. 21.—George Shire, 31 years old, a labor foreman of Frostburg, who applied in the circuit court here yesterday for a license to wed Miss Mary Bramick, 21, of Grafton, W. Va., signed his name to the application with the pen held firmly between his teeth.

Shire had both hands shot away above the wrist during the battle of Argonne forest. He writes legibly, and is able to dress and feed himself.

STARTS MALE CHORUS

Professor Clark Instructing Men Of Trinity Reformed Church.

A chorus of men singers of Trinity Reformed church was started Tuesday night, by Professor George Clark, musical director of St. John's Episcopal church, York, and a well known concert organist of that city. Professor Clark has volunteered his services to Rev. Paul Pontius, Reformed pastor, for an unlimited length of time. Next summer he intends going to Paris, France, to study under Professor Bonnet, one of the leading musical figures of the world.

WOMEN URGED TO LOWER DRESS COST

Women Would be Less Conspicuous And More Impressive With Simple Dress.

New York, Jan. 21.—Women were urged to lower the cost of clothes by abandoning the world-old tradition that they must dress "to capture the fleeting fancy of the male," or to outdo others of their sex, in an address Tuesday by Helen Louise Johnson, editor of the General Federation Magazine, before the Columbia University Institute of Arts and Sciences. Lower prices could be brought about, she added in her talk on "the ethics of dress," by the adoption of a standardized costume. "Man," Miss Johnson said, "can dress properly and becomingly on a limited number of suits. His reasoning seems to be that beauty unadorned is adorned the most. His clothes are far from beautiful."

Women would become less conspicuous and more impressive by wearing standard dress, she declared, for "the active, healthy woman creates a spiritual impression by simplifying her dress and thus enhancing her facial beauty, while her less advanced sister clings to the older dress forms."

Simplified dress would be more than an economy, Miss Johnson added, would be "the essence of moral progress."

WILL FINISH THIS YEAR

Paving Job That Will Link Adams And York Counties on Harrisburg.

State Highway Commissioner Sadler told the York county commissioners Tuesday that the Harrisburg road contract between Dillsburg and the Adams county line, which was started last year, will be completed this year. He said about a mile and a half had been completed. The original contract specified thirteen miles of concrete road.

CHARGES AGAINST POLICE

Mayor of York Suspends Chief. He Stays On Duty.

Chief of Police Craver, of York, has preferred charges of insubordination against Patrolmen John F. Buttorff and Frank A. Free. Next Tuesday has been set as the date for the hearing. Free and Buttorff refused to take orders from the police chief and look upon Mayor E. S. Hugentugler as being the head of the department. Hugentugler has suspended Chief Craver, but he remains on duty.

THRIFT WEEK IN UNITED STATES

Attempt to Emphasize Duty to Family. Big Home Owning Plan.

THE TEN COMMANDMENTS

Urge Bank Accounts and Investment in Government Security. Work, Earn, Produce is the Slogan.

Throughout the United States this week there has been launched a "Thrift Week" campaign that is expected to mean more to the people of America if they will heed it than anything that has yet been attempted along those lines to bring home to them a realization of the duty they owe to themselves and to their families.

It is based on an appeal to the family to "come out ahead" in an economical and planned expenditure of funds and to the bigger and more important things of home owning, bank savings and an investment in government securities.

The ten commandments of this campaign which will be emphasized throughout the length and breadth of the land are these:

I. Have a bank account. Most financially solid folks pay by check—payment and receipt in one—safer to transmit than cash. Interest accounts guard money and help it grow. A good bank account is the best of references. The mere act of filling out a check makes you think before you spend. Money in a sock or pocket works for no one—money in bank works for you and for general prosperity.

II. Make a budget. Pay in advance so to spend every dollar that you will get fullest return and great satisfaction for every hour you work. Money is simply a counter—what you buy with your earnings determine what you actually get for your services. Budget spenders get more than do haphazarders.

III. Keeping a record of expenditures. You can't expect to run your business of living if you keep track only what comes in and merely guess at outgo. Every sane business man keeps records down to "petty cash." Without such a record you do not know what you are working for. "Goodness only knows where the money goes" never helped anyone to get ahead.

IV. Work and earn. Be a producer. Realize the importance of your personal part in keeping the wheels of society turning. Know the deep satisfaction of adding to the world's wealth, knowledge and comfort. This spirit sweetens one's work and makes life worth while.

V. Carry life insurance. Wiping out worry about "what will happen to them" will increase your present-day efficiency and earning power. Insurance—family protection—is an essential of a normal life. Modern policies provide savings and investment and old age security along with constant protection of the family.

VI. Make a will. A properly drawn will insures you that what you leave will go to those whom you choose. It is as it were the final deed to all you possess. A will saves court troubles, delays and expense for small as well as large estates. With a will you se-

lect your own trustee to assist your dear ones. You leave business instructions when you are to be away a few days—leave instructions in your will when you go on your long journey.

VII. Own your own home. A home is more than a house; it makes you an active partner in your community; increases your self-respect and makes for family stability. Owning a home adds to present-day savings and comforts and secures old age. It supplies a motive that makes saving easier and more pleasant. For your children's sake start now to own a home of your own.

VIII. Pay your bills promptly. Pay your bills on pay-day. If you're paid every week don't ask the grocer to wait thirty days or more. When you get goods on credit you obligate yourself to pay the bill when due. Every unpaid bill is a mortgage against your future time and work. Money spent in advance means that you have to work for something that is in the past. Work for today and for the future. Get square with yourself. Pay and save as you go. Many who buy on credit never get ahead.

IX. Invest in government securities. War Savings Stamps, Treasury Saving Certificates and Liberty Bonds not only afford a convenient means of saving but provide a guaranteed security paying good interest. Own something. Own stock in your government. Help others to become investors rather than mere spenders. Keep your bonds—don't sell or swap them without a banker's advice.

X. Share with others. Life that is worth living is a matter of folks and neighborliness and service as well as of food and shelter. No human being can be completely happy unless those about him are happy. The man who neither helps or is helped by his community might just as well be on a desert island. Invest in community welfare. Know the joy and satisfaction of supporting worth-while institutions and movements, hospitals, churches, charitable undertakings. Give while you live.

PROGRAM FOR MUSICAL

Large Advance Sale of Tickets For Event in Chapel Tonight.

An advance sale of two hundred tickets indicates that one of the largest crowds of the entire season will be present at Brua Chapel tonight to hear the Musical Festival given by some of the most talented musicians in Gettysburg.

Felix G. Robertson, director of the Glee Club who has charge of managing the concert, announced this morning that the following program would be given:

Introductory remarks, Dr. William A. Granville, president of the College; "The Bridal Rose," by the College orchestra, W. C. Worley, conductor; "The Pilgrim," Mr. Worley, violin obligato by Mr. Scharf; "On the Water," College Glee Club, Felix G. Robertson, director; Reading, Mrs. Elsie Singmaster Lewars; "A Birthday," by Miss Aagot Borge.

Part Two includes "Suwanee River Home" by Mr. Houtz and orchestra; "A Time Will Come," Miss Borge and Mr. Robinson; "At the Hacienda," the Glee Club; "Banderero," by Mr. Simon; "The Heart of a Rose," Seminary Quartet; "Stradella Overture" College orchestra.

Mrs. S. F. Snyder and Mr. Millard will be the accompanists.

"CHEESE IT! HERE COMES THE COP!"

IDAVILLE

Idaville—Mrs. Stella Irvin spent several days recently with her brother, John Showers, and family, of near Carlisle.

Miss Vera Becker made a business trip to Gettysburg on Saturday. Mr. and Mrs. Ellsworth Miller announce the birth of a son, Harvey Spangler Miller.

Mrs. Jennie Hoffman, teacher of the Idaville school, is confined to her bed, suffering with inflammatory rheumatism. Dewey Wolff, of Butler township, will substitute in the school during Mrs. Hoffman's absence.

Mrs. N. L. Group spent last week with friends in Biglerville.

Mrs. W. H. Kochenour, of Gettysburg, was in town Thursday evening. Arthur Myers, of Harrisburg, spent Sunday at his home in this place.

BIGLERVILLE

Biglerville—Charles Bream spent the week-end at his home on Penn street.

The Lutheran church has purchased the property of H. U. Walter, on East York street. Possession will be given in 1921, when it will be used as a parsonage.

Miss Esta Bream has been visiting relatives at Aspers. C. S. Longsdorf, of York, is spending several days at the home of his father, C. L. Longsdorf.

Miss Marie Mowery has gone to Harrisburg where she has secured employment with the Public Service Commission.

NAME ESSAY SUBJECT

High School Students Will Try For D. A. R. Prizes.

Following their annual custom the Daughters of the American Revolution have announced the subject of the 1920 essay, which is open to all Juniors and Seniors of the High School. The writer of the best essay is given a prize of \$5; the second best, \$2.50, and the third and fourth certificates of honorable mention. These essays have always been popular and this year is no exception, as already sixteen students have announced their intention of entering.

The subject is "The Convention That Made Our Constitution". Material for this subject can be secured by the contestants from the state library and D. A. R. headquarters. When they are all completed they are numbered, not named, and the judges announce the winner by number, thus not knowing to whom any of the papers belong.

The following have already entered the contest: Seniors, Margaret Major, Lillian Weaver, Elizabeth Evans, Mary Beraw, Margaret Sanders, Beatrice Pfeffer, Evelyn Toot, Jacob Smuckler, James Mumper, Gilbert Bell, Robert Deardorff, and Harold Roth; Juniors, Melva Heiges, Madylin Roth, Catherine Cashman, Helen Zepp.

GIRLS MICE KILLERS

Virginia Schoolgirls Dispel Old Tradition In Campaign.

Winchester, Va., January 21—The schoolgirls of Riverhead district, Augustus county, Va., have once and for all dispelled the oldtime notion that a woman is afraid of rats and mice.

A report just made public by the school supervisor shows that the school children of that district killed by actual count 5,043 rats and 5,335 mice during a campaign that closed a day or two ago, and the girls led the boys 10 to 1.

The principal prize winners were Miss Beulah Arehart, of St. Mark's School, who killed 58 rats and 280 mice, and Miss Madeline Harris, of Greenville School, who slew 18 rats and 377 mice.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

ARMY ESSAY CONTEST

School Boys and Girls Asked To Help In Recruiting Campaign.

As a part of the army recruiting campaign, it has been announced that an essay contest will be held in which the boys and girls of the United States have been asked to take part. The subject for the contest is "What are the benefits for an enlistment in the United States Army?" Three prizes consisting of medals will be awarded to the winners.

The essays are to be written in the class rooms on February 20. No essay will be more than 400 words in length and will be judged on originality, expression and sincerity. The principal of each school will be asked to appoint local judges to pick the best essay from each school. It will be sent to the nearest recruiting station not later than February 27.

THAT MORNING LAMENESS

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Gettysburg testimony.

John J. Tawney, 234 Baltimore st., Gettysburg, says: "I suffered off and on with rheumatic pains and kidney ailments. My back ached constantly and often in the morning I was so lame and stiff I could hardly get out of bed. My kidneys acted irregularly, too. Someone advised me to try Doan's Kidney Pills and I got some at the People's Drug Store. I was surprised at the quick relief I received. I am not bothered by rheumatic pains now and I am in much better health all around."

Over two years later Mr. Tawney said: "I still use Doan's Kidney Pills, in fact, I always keep them in the house. I know if I take a few as soon as I have any symptoms of kidney trouble, I will be saved a great deal of suffering."

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia) 20c and 60c jars; hospital size \$2.50

Pennsylvania. The values are compared for 1920 with 1910, and include automobiles, trucks, tractors, and implements which total as follows:

1910: Implements and machinery, \$70,726,055. Automobiles, trucks, etc., not computed that year.

1920: Implements and machinery, \$106,089,082. Automobiles, trucks, etc., \$62,895,000.

These cold figures can only in a faint way picture the tremendous growth of the motorization of the farms, and the enormous difference it has made and is making in the production, development and delivery of farm products.

And while quoting these figures, a few other estimates of the value of farm property made by the State Department of Agriculture, would be of interest as indicating the exceptional growth of state farming.

Old Friends are True Friends

The man, who loves a dog and a pipe, has two staunch friends that never fail him in good luck or in bad. They give all and ask nothing in return. Day by day they become nearer and dearer to him. The man who has not a dog and a pipe has missed two of the greatest things this good old world can give.

Every man who loves his pipe should know Velvet, the one tobacco that brings out all of a pipe's best and sweetest qualities. Your pipe takes on an added friendliness from Velvet's choice Kentucky leaf aged in the wood to a mellowness that's rich and smooth as cream.

Your pipe takes on a mild sweetness that is Velvet's natural tobacco sweetness. And around you hovers the real tobacco fragrance that all good pipe smokers love.

Never did Velvet Joe say a wiser, truer thing than this:

"Folks say you can't buy friendship. You can buy a dog and a pipe and good old Velvet—and I reckon no man ever had three better friends."

Liggett & Myers Tobacco Co.

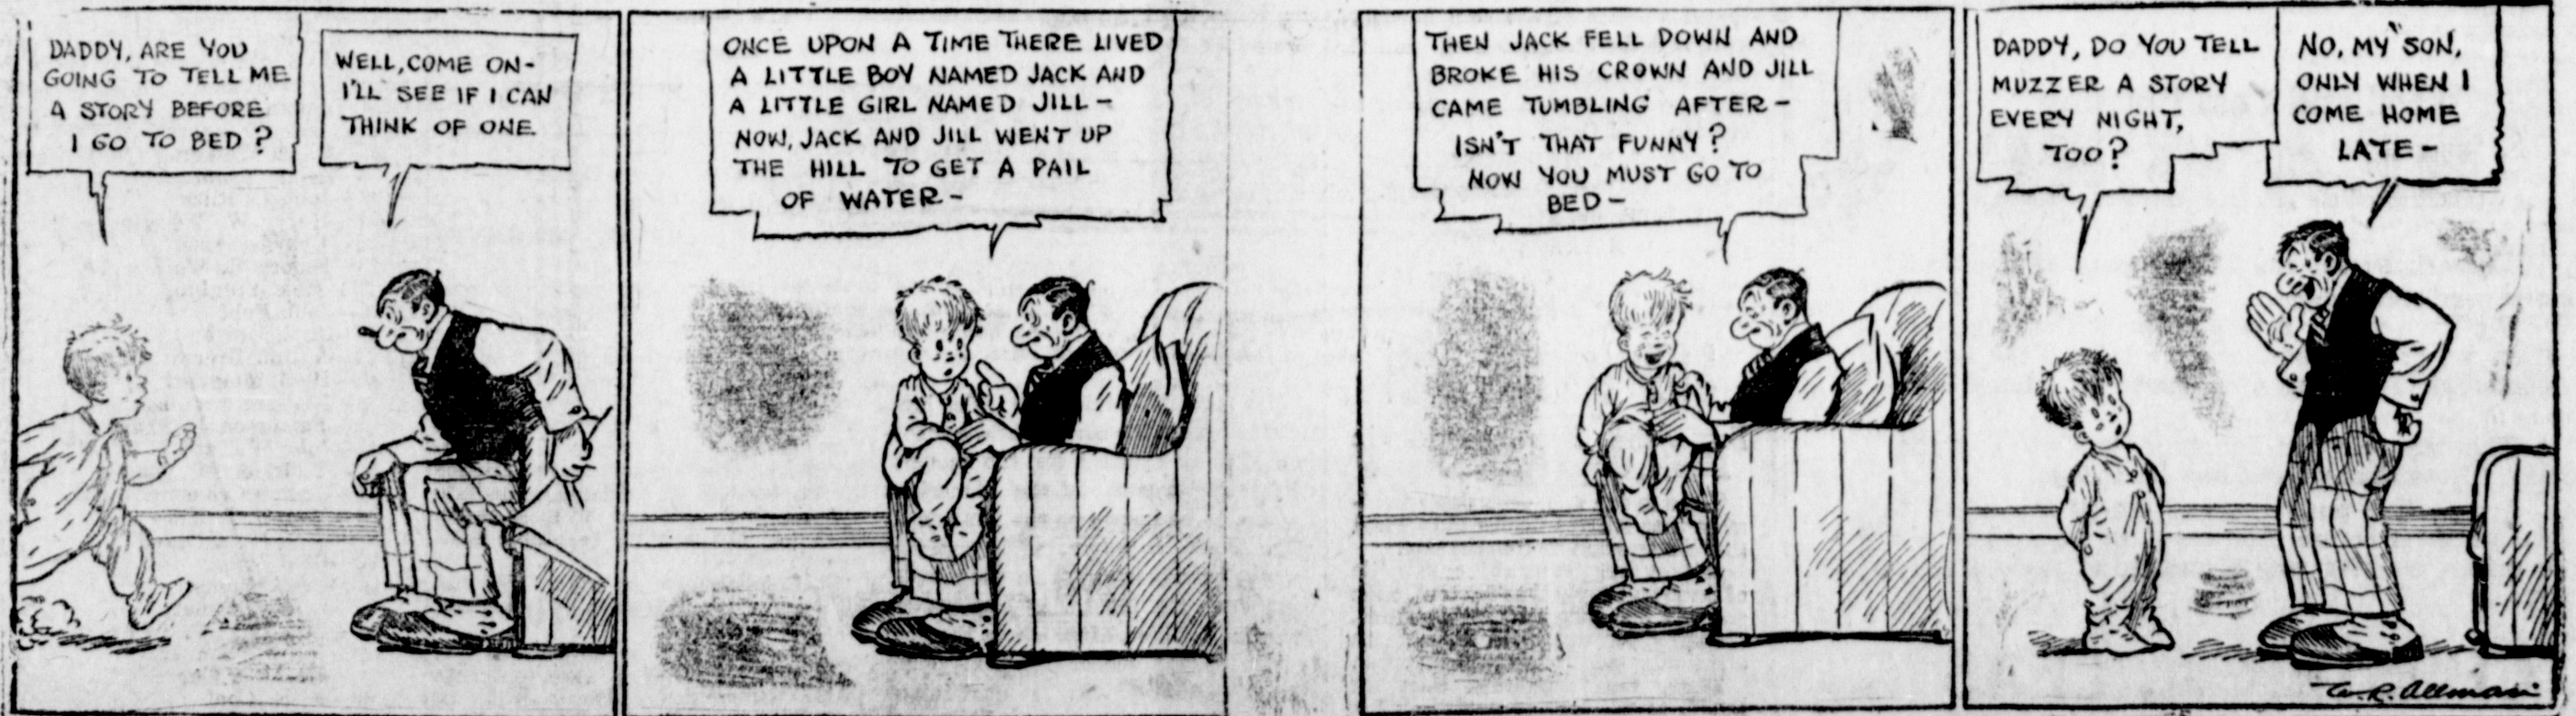

There's a lot of pipe-loads in every big generous tin of Velvet, and every pipe-load is good tobacco at its best.

TOURISTS AND PAVED STREETS

Town Derives Much Revenue.
Thousands of Annual
Sightseers.

STREETS SEND MANY AWAY

Word Soon Passed Around When Town is Not Progressive. Paved Streets Would Attract.

"How many of Gettysburg's communicated residents have thought of the value of tourist travel through this town? Business men generally, appreciate the value of tourist trade, but there are many taxpayers who do not realize the vast amount of revenue the thousands of motorists who visit these battlefields, bring into the town annually. Nor do they realize that every dollar the transient brings into Gettysburg makes it a better place for them to live in. Their prosperity is dependent on the town's prosperity in general, and any agency which will swell the town's business will bring direct advantages to everyone living in that town. Such advantages should be sought by every one who has the city's welfare at heart, and every means should be employed by progressive citizens to attract the business the tourist brings.

"History has given Gettysburg an advantage over other cities which is of inestimable value. But in spite of such advantage, much may be lost to business unless the streets are made attractive and are provided with a traffic surface over which motorists may travel in comfort and safety.

"Motorists will shun the town with unpaved, muddy or dusty streets, and in consequence much business is lost, and the word soon goes around that such a town is unprogressive and unattractive. With its natural and historical advantages, Gettysburg cannot afford to neglect to pave its streets.

"Not only from the tourist point of view is the paving of Gettysburg streets necessary. The property owner who is fortunate enough to have the paving built adjoining his premises will reap a benefit. His part of the cost of the improvement will be more than compensated for in the increased value of his property. Well paved streets are the best insurance against depreciation in property values. Anyone looking for a location to build a home is quick to judge the value and desirability of a lot by the condition of the streets that serve it.

"There is always, among every city's voters, the conservative element who, because they do not realize the advantages of permanently paved streets, do all in their power to discourage pavement construction. In their eyes the first cost expenditure for such pavements is not justified. They say they have gotten along so far without paved streets and are therefore opposed to the expenditure of money for such improvements.

"But these same objectors, once they realize the advantages of paved streets and know that their first cost is also last cost, become the most ardent advocates of the maintenance-saving, permanent streets. They know then that in working against permanent street paving they are holding back the city's progress and incidentally, their own.

"Gettysburg must have more paved streets or it will be marked as a city which is standing still in a world of progress. No clear thinking voter will fail to advocate a comprehensive paving program, and thus further his own and his city's prosperity."

DUTCH RECEIVE NOTICE

Demand of Allies For Kaiser Reaches The Hague.

The Hague, Jan. 21.—The demand of the Allies upon Holland for the surrender of former Emperor William reached the Hague late Saturday night through the ambassador of the Netherlands at Paris, to whom it was handed Friday by the general secretary of the Peace Conference. The Dutch government Monday asked that the following acknowledgment of its receipt be published:

"We learn that the demand for the delivery of the former German Emperor into the hands of the Allied powers, which is based on Article 227 of the Treaty of Versailles, has now reached the Dutch foreign office."

POST AT EMMITSBURG

Will Be named Francis X. Elder. Establish American Legion.

The men in Emmitsburg who have returned from the service held a meeting Monday evening for the purpose of forming a post of the American Legion, to be known as the Francis X. Elder Post. It was voted to apply at once to headquarters for a charter, 20 members signing the application. Francis X. Elder, after whom the post is named, was one of the first young men from this district to enlist in the army and was sent across with one of the early divisions, where he lost his life on the battlefield in France.
